

Fire at P&R's sister company

That's right, it seems a long time ago now but on Saturday 28th April at 4am P&R's sister company Plasteknik caught fire and as you can see from our local paper headline, was completely destroyed. Luckily no one was injured in the incident. Almost immediately the hunt was on for local toolmakers in the north west who could help out by refurbishing almost 500 tools once they had been located and identified, no easy task.

P&R quickly turned around 20-30 tools over the next few days and had them on the press immediately. The task though ahead is still enormous. The fire department seem to think the fire originated in a trailer in the yard. An investigation is still underway.

Magden Ltd.

Stockist of uPVC Trims, Double Glazing Components & Hand Tools

Sole Supply

We are thrilled to announce an agreement with Magden for their sole supply of corner keys for all their branches. We understand this should free up much needed and expensive warehouse space. P&R and Magden have been trading with each other now for 20 years.

Busy Busy

Just when we thought we could see the light at the end of the tunnel.....we were wrong, it was the buyer from Klaxon with a torch bringing us more work! Not that we are complaining of course. In fact we are thrilled that they should decide to move yet more work our way. Klaxon manufacture alarm sirens and systems, they are part of the Halma Group of companies..

Attention to detail at every stage

So long Sue

Sue Didsbury left us on Thursday 31st May after 8 years of providing a polite efficient customer service role. Sue joined the sales department from production and quickly became a valued member of the team and became great friends with her colleagues. We wish Sue well in her new role as bar manager in Abu Dhabi and we will miss her very much.

P & R Kart Challenge Cup 2007

Our 13th event took place at the 1100 mtr outdoor circuit Daytona at Milton Keynes. 3 Dry and 3 wet spells ensured virtually everyone from the 16 teams experienced ever changing conditions in what turned out to be a highly entertaining 4 hours of racing. Completing the most number of laps were Uniglaze taking victory for the second time in 13 starts. Ultraframe followed up close behind for yet another 2nd place and despite a spin 2 corners from the end a fantastic 3rd place for the ever determined team from North West Lead.

Winners 2007 - Team Uniglaze

New Appointments

We are pleased to announce the appointment of Donna Westhall. Donna joins us to strengthen our production planning process and control systems. Taking a close look at how we do things with a fresh pair of eyes is already creating good results. Not an easy role in a male dominated environment but Donna is already proving her metal.
