## CLAY PIGEON

We held our first Clay Pigeon academy locally at Worsley Woods. With 3 international class shooting coaches in attendance everyone received the best instruction and guidance possible, didn't it feel good to hit the clays that we thought would be impossible. The facilities at the club were excellent especially the new club house and the traps varied and challenging. The first 25 clays were a warm up before a bit of mild competition for the following 25. Alas there were no shootouts for those on the same score.

Well done Mick, come back again next year to defend your title!

*1st place  
Mick Skinner  
from Gap  
Hits - 19*

*2nd Place Andy Large from Securistyle  
Hits - 16*

*3rd place Steve Porter from Decraled  
Hits - 15*

## P&R KARTING

*The Grid*

We have just held our 12th Annual Karting Challenge and due to popular demand we were back at the outdoor circuit up at Middlesbrough. Once again the weather was extremely kind to us and stayed hot all day. After 4 hours of hard but fun racing P&R managed to defend their title for a second year running by beating Ultraframe (who finished second for the 2nd year running) to the finish line by just 0.1 of a second. (That's not a typing error; you simply could not get a closer finish).

*Final flag after 4 hours racing*

*Class A winners Team P&R*

Team Uniglaze came in 3rd place just 23 seconds further back. Anyone interested in entering a team next year please let us know.

## GLAZEKART

### Team P&R win inaugural Glazekart event

The 3 hour endurance event sponsored by Swish, Alcoa and Glassex was held at the magnificent Daytona Circuit in Milton Keynes. The weather could not have been better and organiser Nick Moss of Walnut Motorsport was pleased with a 14 team turnout for his first event.

Although Ultraframe claimed pole position over there some what lighter competitors here at P&R, it wasn't long before the precise fuel and driver changes catapulted P&R into a commanding lead from which they never really looked like losing. Ultraframe consolidated a northern company one two with Glassman coming home in 3rd spot. The event was well organised, we met some great people from within the industry and we even invited some of the teams to take part in our own Kart Challenge Cup.

## NEW PRODUCT LEAFLET

Following the introduction of our new Logo and new brochures we are pleased to announce we have updated our product leaflets. We will be sending packs out to distributors over the next few weeks, anyone interested in some please contact Joanna in Sales on 0161 621 5005.

Have you seen our website recently?

We think it's the dogs danglies and so do some of our competitors.

We'd love to hear your thoughts: -

or [www.p-and-r.co.uk](http://www.p-and-r.co.uk)

2nd Ultraframe 146 laps

1st P&R 149 laps

3rd Glassman 143 laps

## PAINTBALLING

On Saturday 27th May P&R and their sister company Plasteknik held a paint ball competition at Cheshire Paintball as a kind of team building exercise. The weather stayed fine throughout the battles but due to rain during the week the ground was extremely muddy (adding to the fun, for most). Hero of the day went to Jane from Plasteknik for her mid game sprint to the flag avoiding a hail of fire from the opposition and sprinting back to base unscathed and winning us the game.
